

Why Does Marie Osmond Make Time to Sew, Quilt and Embroider?

Times, A-2

Watch me demo this machine online at janome.com. I'd love to show you my favorite tips and techniques. **Simple!**

It's my happy hour!

Marie is an entertainer, businesswoman and a very busy mom. Sewing has always been a passion of hers and one she is sharing with her kids. The Memory Craft 11000 Special Edition is her personal pick for creative time.

My Janome does everything more easily, so I can do so much more with my sewing time.
